DETAILS

When and where: Fishing can begin anytime on the 21st, with weigh-in starting at 2pm at Karapiro Domain. The competition area includes all of Lake Karapiro, with Karapiro Domain serving as the event hub and weigh-in location. We strongly encourage participants to explore different parts of the lake, as fishing opportunities around Karapiro Domain itself are limited.

Fishing licence and gear: A valid 2026/27 Fish & Game fishing licence is required to fish for trout or perch. All you need is a simple spin-fishing setup. Fish & Game staff will have a tent at Karapiro Domain from 9am to help participants set up their rods. For advice on suitable fishing gear, contact us, or visit your local Hunting & Fishing store.

Weigh-in and BBQ: Weigh-in will begin at 2 pm at Karapiro Domain, followed by a complimentary BBQ in the afternoon.
